TAKE A CLOSER LOOK

BUSHFIRE SAFETY

FULLY CERTIFIED SURVIVOR SERIES WINDOWS AND DOORS

BUSHFIRES ARE A TERRIBLE CONSEQUENCE OF THE HARSH CONDITIONS WE FACE IN AUSTRALIA. WIDELINE IS AUSTRALIAN BORN AND BRED. WE UNDERSTAND THAT TO LIVE HERE YOU NEED TO BE PREPARED.

Centurion™ – Advanced bush fire protection.

Using the most innovative technologies, Wideline has developed the Centurion™ Survivor range of windows and doors, designed to perform in harsh bushfire prone environments.

Wideline's Centurion™ BAL 40 Survivor Series offers advanced protection for bush fire attack levels listed in the Australian Standard (AS3959) from BAL low to BAL 40.

Built tough to take it

Centurion™ designs are built tough to withstand the harshest conditions. Windows and doors are reinforced with toughened glass, all metal hardware, and Wideline's innovative Survivor Seal technology. The need for expensive fire screens and shutters is eliminated.

- AS3959 compliant
- Tested and certified
- No need for fire screens and shutters
- No compromise on appearance
- Design versatility

Rest assured your family is safe with Wideline Centurion™ – Advanced Bush Fire Protection.

FIGHTING FIRE – THE TECHNOLOGY BEHIND CENTURION.™

The innovation behind the Centurion™ Series of windows and doors is Survivor Seal. Survivor Seal employs the latest intumescent technology and design ingenuity to protect your family and your home against bush fire.

Sealed your safety

Wideline Survivor Seals are made from high grade fire resistant silicone. Activated by the high temperatures associated with the approach of fire (approx. 140°), the Survivor Seals expand into fire proof foam. Cracks and gaps around windows and doors are sealed, preventing fire, smoke and toxic gases from entering your home.

Compliant with AS3959 and tested to the stringent standards of AS1530.8.1, Survivor Seals were developed by Wideline to meet the safety requirements for homes in areas rated BAL low – BAL 40 for bush fire attack.

Safety without design compromise

There's no need to compromise on your design vision. The Centurion™ BAL 40 Survivor Series includes customised designs from Wideline's Horizon residential range and Paragon architectural range of doors and windows.

HORIZON (RESIDENTIAL RANGE)

- Sliding Windows
- Awning Windows
- Sliding Doors
- Stacking Doors

PARAGON (ARCHITECTURAL RANGE)

- Sliding Windows
- Awning Windows
- Casement Windows
- Sliding Doors
- Stacking Doors
- Bi-Fold Doors

Wideline is proud to be a founding member of the Australian Window Association (AWA).

This association has been established to ensure that manufacturers produce windows and doors that meet – if not exceed – stringent safety and structural standards. From material selection and workmanship quality to weather sealing and applied finishes, all aspects of production are scrutinised to ensure that they meet the relevant Australian standards.

The AWA label on each and every Wideline product means that you can be confident that our vast range has been tested, certified and guaranteed by independent inspectors accredited by the National Association of Testing Authorities.

All products shown in this catalogue are representative of what can be achieved and are subject to individual finishes and installation techniques. Wideline Pty Ltd reserves the right to modify sizes and details without notice. Wideline Pty Ltd does not accept liability for the appearance of your finished product.
