SAFELINE™

FALL PREVENTION SCREEN

There is no compromise when it comes to your child's safety. Wideline understands this and has developed SafeLine™ Fall Prevention screens specifically with your family's safety in mind.

No longer do you need to restrict your window opening for peace of mind. SafeLine™ allows operable windows to operate as they were intended, allowing air flow when you want it without compromising on the safety of your family.

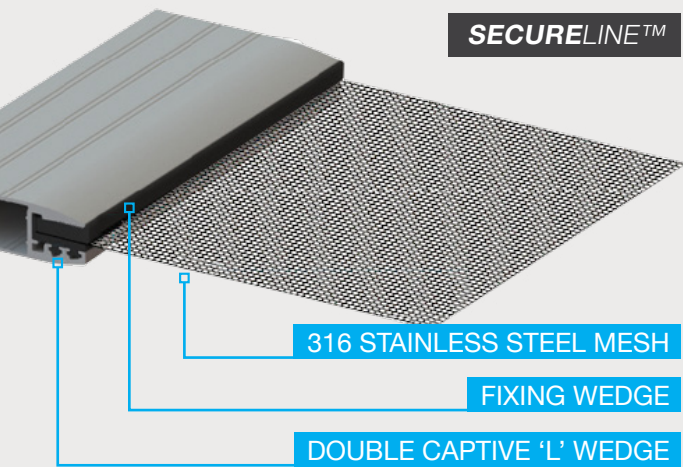

SafeLine™ features a robust aluminium frame and resilient Dacron mesh for maximum strength and durability. SafeLine™ has been independently verified by NATA accredited laboratories to exceed Australian Standards and readily complies with the Building Code of Australia.

SafeLine™ meets the requirements of:

- 250N force (25kg) required in the National Construction Code (Vol 1: D.2.24 & Vol 2: 3.9.2.6 to 3.9.2.7).
- Independently tested and passed the Australian Window Association Industry Code of Practice ICP.005.

SafeLine™ screens are made to measure and installed by a Wideline professional installer.

SECURELINE™

316 STAINLESS STEEL MESH

FIXING WEDGE

DOUBLE CAPTIVE 'L' WEDGE

ULTIMATE SECURITY: MAXIMUM APPEAL

Enjoy clear, unobstructed views whilst keeping your home safe and secure with SecureLine™.

No longer does your home security need to come at the expense of design elegance or losing the luxury of an open look and feel.

Offering the ultimate in security without compromising on your view or design, SecureLine™ screens are made from the highest quality Marine grade stainless steel mesh.

SecureLine™ is made in Australia to stand up to harsh Australian conditions, delivering superior strength, durability and resistance to corrosion.

- 316 marine grade mesh, salt bath tested exceeding 1,000 hours
- Stainless Steel precision ball bearing rollers for added resilience
- Stainless Steel 3-point hook bolts for increased security

SecureLine™ has surpassed the following Australian Security Door Standard AS5039 & AS5041:

- Stainless Steel Mesh Knife Shear Test (AS5041)
- Dynamic Impact Test (AS5041)
- Jemmy Test (AS5041)

SecureLine can be retrofitted to hinged doors and can be fitted to the following Wideline window and door systems:

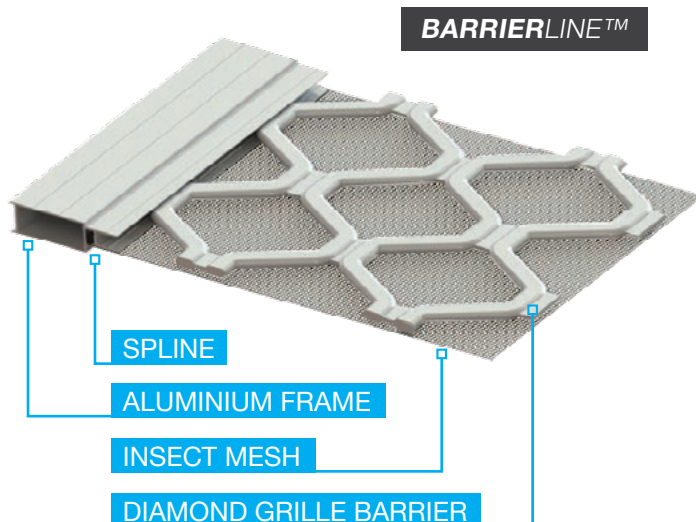

- | | |
|-------------------|-----------------------|
| ▪ Hinged Doors | ▪ Awning Windows |
| ▪ Sliding Doors | ▪ Casement Windows |
| ▪ Stacking Doors | ▪ Louvre Windows |
| ▪ Sliding Windows | ▪ Double Hung Windows |

BarrierLine™ safety screens are a cost effective solution to help increase the security of your home. The 7mm high-grade aluminium diamond grille acts as a visual barrier to aid in deterring intruders and is lined with flyscreen mesh to keep your home insect free.

BarrierLine™ is available on the following Wideline windows and doors:

- | | |
|----------------------------|--------------------|
| ▪ Sliding & Stacking Doors | ▪ Casement Windows |
| ▪ Sliding Windows | ▪ Awning Windows |
| ▪ Hinged Doors | ▪ Louvre Windows |

Wideline is proud to be a founding member of the Australian Window Association (AWA).

This association has been established to ensure that manufacturers produce windows and doors that meet – if not exceed – stringent safety and structural standards. From material selection and workmanship quality to weather sealing and applied finishes, all aspects of production are scrutinised to ensure that they meet the relevant Australian standards.

The AWA label on each and every Wideline product means that you can be confident that our vast range has been tested, certified and guaranteed by independent inspectors accredited by the National Association of Testing Authorities.

All products shown in this catalogue are representative of what can be achieved and are subject to individual finishes and installation techniques. Wideline Pty Ltd reserves the right to modify sizes and details without notice. Wideline Pty Ltd does not accept liability for the appearance of your finished product.
